

Product Description

Impact modified polycarbonate for the deflashing of rubber parts under cryogenic conditions

General Information

- Availability: Worldwide
- Uses: Cryogenic shotblasting
- Features: Impact modified
- Appearance: Green or white pellets
- RoHS status: Compliant
- Food grade: EU & FDA compliant

Characteristics

- Specific gravity: 1.20g/cm³
- Compound: 98% prime virgin grade polycarbonate 2% impact modified compound
- Packaging: 25kg Multi-walled cardboard boxes
125kg Fibre drums

SIZE (mm)	SIZE (Inches)	SHAPE	Standard colours
0.5mm	0.020"	CYLINDRICAL/CUBIC	WHITE/GREEN
